How to Join!

#1

Get a registration form

The registration form can be: downloaded or filled out directly on our website, picked up from any of our locations, or sent to you if you email youth@islandsexualhealth.org

#2

Submit registration form

If you pick up or download the registration form, either drop it off at the Quadra street clinic or email it to youth@islandsexualhealth.org

#3

Attend meetings!

Yay! Our meetings are usually at the Quadra street clinic.

Who we are...

The youth committee is a group of youth between the ages of 15 and 25 who want to have their voices heard around sexual health issues, want to use their creativity and energy towards meaningful projects and to inspire and engage change in the realm of sexual health and sexuality.

The youth committee provides Island Sexual Health with feedback and direction, to make the clinic and other services more accessible to youth. This can be anything to our policies to the music we play in the waiting room. When we aren't doing that we are working to make healthy sexuality a more youth-friendly topic, take the stigma out of accessing sexual health and encourage people to take care of themselves. We do this many ways! You get to decide how! Check out below for some of the possibilities!
